THE ORIGIN

Our love for the authentic German Doner & Chicagoan Gyro is the heart & origin of our Tbrand. We use Halal certified quality meat from Germany and Chicago, which ensures our Doners and Gyros are of the highest quality & flavor. Using these delicious high quality meats, we prepare the finest tasting sandwiches using homemade sesame flatbreads, homemade sauces and the freshest ingredients. With high quality ingredients, our Döners and Gyros are as traditional as they come. We supply all of our ingredients from as close to the source as possible to ensure that we offer the freshest tasting sandwiches. Our meat and chicken is imported from Germany and cooked fresh right before your very eyes at our restaurants. This can only be complemented with our freshly baked sesame flatbread, which is baked daily and available every morning. Only the best produce is selected from a fresh batch to make sure our lettuce, red cabbage, onions and tomatoes are of the highest standard. With every element of our sandwiches being as fresh as they can be, its a no-brainer as to why you should choose Doner & Gyros.
